

OTWORLD

International Trade Show and World Congress
19 – 22 May 2026 · Leipzig, Germany

OTWorld.health + prevention

**YOUR PLATFORM FOR PREVENTION,
THERAPY, AND MOVEMENT**

Present your portfolio at **OTWorld.health + prevention** – the new central shared area in Hall 3. This is where prevention, health promotion, therapy, and rehabilitation take center stage.

As an exhibitor, you'll benefit from maximum visibility in a future-oriented environment, surrounded by professionals who are actively searching for solutions that improve everyday life for people with health challenges, chronic conditions, post-accident needs, or age-related limitations. Whether they work in medical supply stores, therapy practices, rehabilitation centers, or specialty retail – they are looking for exactly what you have to offer: products and concepts that enable a safe, active, and independent lifestyle.

With more than **20,000 trade visitors from 96 countries**, OTWorld is the ideal place to showcase your innovations if you...

- Offer fitness and sports products for training, rehab, or relaxation
- Develop health products for prevention, recovery, or everyday use
- Present digital health applications or smart tools
- Provide therapy or rehab equipment for home use
- Offer mobility aids and training devices
- Showcase wellness services or holistic health concepts

KNOWLEDGE FOR YOUR CUSTOMERS – AND VISIBILITY FOR YOU

Your presence is strengthened by a strong educational programme that draws professionals to OTWorld.

WORLD CONGRESS: KNOWLEDGE THAT MOVES

Benefit from the World Congress that brings together prosthetists and orthotists, retailers for healthcare supplies, therapists, physicians, and many more decision makers. They gain fresh know-how – and you gain new leads and contacts. Experience exciting lectures and workshops covering the latest trends and innovations. Gain practical know-how and inspiration for your daily professional work – and your clients benefit too.

SPECIAL EXHIBITION: LIVING WITH NEUROLOGICAL CONDITIONS

The special exhibition "From Early Support to Employment" highlights how people with neurological conditions can be supported throughout their lives – with appropriate assistive devices, interdisciplinary treatment and care, and social inclusion.

From early childhood and school to vocational training and employment – whether in industrial or office settings – the exhibition shows how participation can be made possible in everyday life.
