

F5 Magnetic FlexTrim AFO

Magnetic Loop Closure

Designed for ease of use, the magnetic finger loop enables one-finger donning and doffing, making it especially beneficial for patients with limited dexterity.

Rigid Strut

With a rigid strut and flexible forefoot, the F5 FlexTrim offers increased range of motion in the sagittal plane

Easily Trimmable Footplate

The increased forefoot flexibility allows for quick sizing adjustments using standard scissors.

Part #	Size	Foot Plate Length	Brace Height
FSXSLLT or FSXSRLT	XS	8 7/8"	12"
FSSLLT or FSSRLT	S	9 5/8"	13"
