Pocketed compression bra ALMERIA

Seamless compression garment for an even and light to medium compression after breast surgery

1. Inner pockets on both sides allow the insertion of an initial breast form or the supplied foam cups
2. Knitted-in side breast support for optimum support
3. Stretchy cups also suitable after breast reconstruction with autologous tissue
4. Front zip with integrated handle for easier closing
5. Gently cut racerback with integrated, breathable zones for optimum relief

Available sizes:

D/EUR/INT/FR: XS – 4XL

Fabric:

94% PA, 6% EL

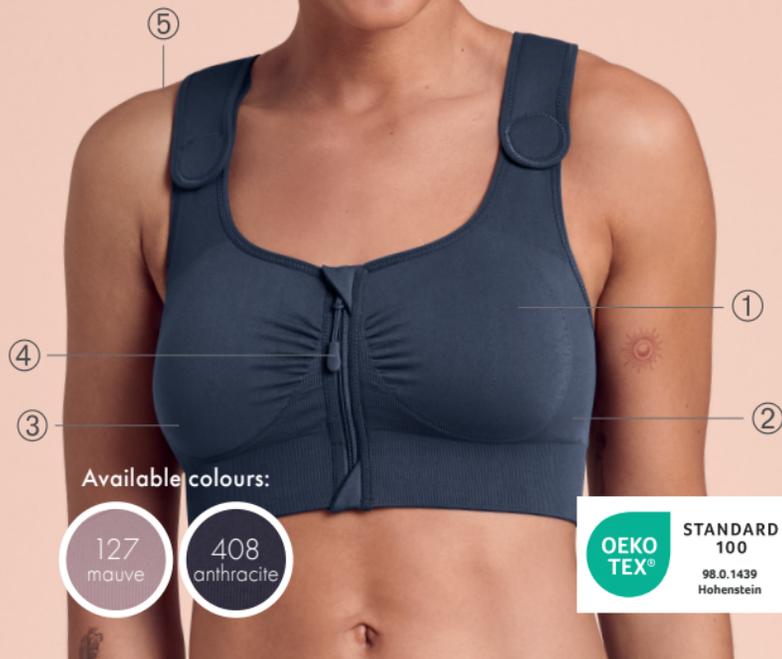

moulded cup:

50% PES, 50% PU
